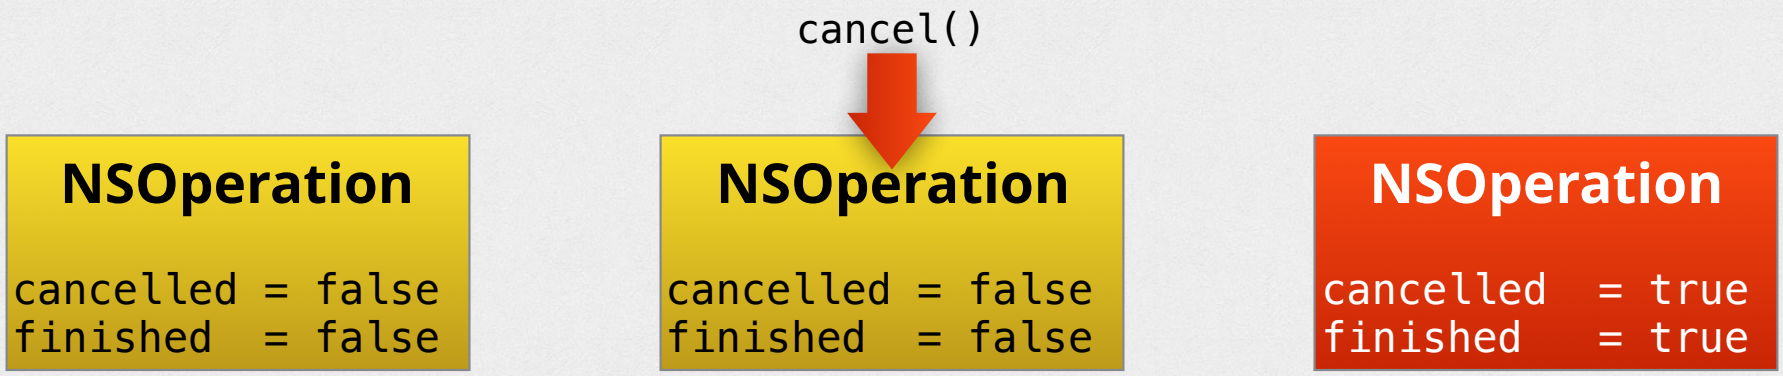
Canceling Operations

raywenderlich.com

NSOperation Cancellation



NSOperation

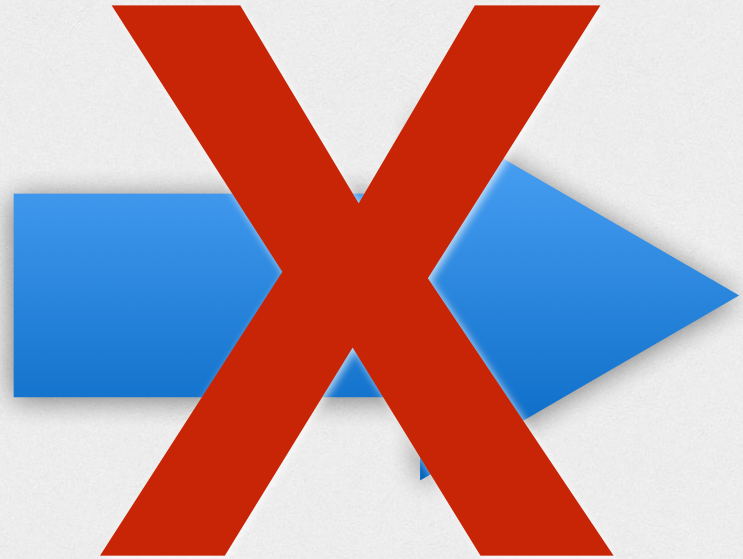
```
public class NSOperation : NSObject {

  public var cancelled: Bool { get }
  public func cancel()

  public var executing: Bool { get }
  public var finished: Bool { get }
  ...
}
```

NSOperationQueue

```
public class NSOperationQueue : NSObject {

  public func cancelAllOperations()
  ...
}
```


It's Challenge Time!
